

## Azalea Bazaar, Incheon, Korea

In this beautiful season when everything matures with blessings from our good God, the thirty-third Azalea Bazaar for communion and sharing was held on May 5 at the Provincial House in Incheon, Korea.

Beginning with 11 o'clock Mass celebrated by Mgr. Lee of Incheon Diocese in the woodland of the Welfare Center as the peak of the event, the bazaar became a simple but lively market place with sisters' handcrafts, food items, an Environment Corner, and face painting for children. Although it fell on precious holidays, many people came from a distance to assist us and be present as always.
