

Celebrating our Formees' Passage Rite, Mozambique

On the 22 of February 2015, we were filled with joy by celebrating our formees' Passage Rite in a very significant ceremony. Some of them came to the formation house at the beginning of this year and these received this day the special cloths and Saint Julie's medal. Others became candidates and received a medal of Our Lady.

At the moment of the renewal of their commitment, they lit a candle and hold it together as a sign of unity and togetherness.

All the eleven SND sisters who live here in Mozambique were able to be present and it was a great day, filled with joy and hope. We are all happy and grateful for having our beloved formees with us, together in one dream: May God' goodness and provident care be lived and experienced everywhere by everyone.
