

On a Pilgrimage of Gratitude and Hope for the 175th Anniversary... Regina Pacis Province, Incheon

In October, as we neared the culmination of our Congregation's 175th anniversary, all of us, walking our own journey as '*pilgrims of gratitude and hope*', joined together with our local communities to share in this sacred pilgrimage.

This pilgrimage of gratitude and hope, undertaken with special intentions from every local community, commemorates the 175th anniversary of our Notre Dame congregation. This grace-filled opportunity offered us a chance to reflect on the history of our Congregation and experience anew the tender and loving care of our good God, who has lovingly guided us within His providence.

The moments we prayed, laughed, and walked together during the pilgrimage remain as lasting memories of gratitude and hope within our hearts.

It was a cherished time to reaffirm the love that unites our community and to experience the spirit of Notre Dame, alive within us today and continuing the legacy that has flourished for 175 years.
